RYLA 2024 is set for **March 7-10, 2024**, at the Lake Placid Camp and Conference Center. I am the New Generations Youth Chair for the district and, along with the district working hard to put together an incredible program for our 14 and 15-year-olds that will help them learn:

- Communication and Problem Solving Skills
- Strategies for becoming dynamic leaders in their schools and communities
- Learn from Community Leaders, inspirational speakers, and Peer Mentors
- Have fun and form lasting friendships

Every club gets to sponsor one or two kids in their community. They asked if our club would like to do something like this and I am very much supportive of this idea, and thinking of sponsoring two students from our community. The cost is \$400 per student, totaling \$800 for two. The \$400 will include lodging, food, etc.

- Key Details
  - Project Description: Some of you may be already familiar with the **Open World Program**, but many are not, so we would like to introduce you to the program and the opportunities it offers. Rotary clubs are needed to host **six-participant delegations for eight days and nights** and prepare a professional program related to business, community, and civic life in the United States. The Open World program, operated by the Congressional Office for International Leadership (COIL), an independent U.S. federal agency, is a **special program available to Rotary and Rotaract clubs in the United States** through a grant secured by Rotary International. Thus, the program is available only to clubs in the United States and provides an opportunity to build fellowship and friendship to strengthen international understanding by **hosting emerging leaders from Eurasia in your community**. Rotary International (RI) serves as a national host organization, with Rotary and Rotaract clubs serving as local hosts for Open World delegations. Rotary clubs in 290 cities and 48 states have hosted over 4,000 of all 30,370 Open World participants throughout these years. RI can reimburse participating clubs for many of their hosting expenses through Open World grants.
